

Connecting the Applications that Build the World

Break New Ground at Groundbreak

If you'll be in **Chicago** next week to attend this year's **Groundbreak**, the leading technology construction conference, be sure to visit us in **Booth #48** on **Tuesday, September 19**, or **Wednesday, September 20**, at **McCormick Place**. To learn how integration with an ERP/Finance solution can enhance your Procore investment...

Upgraded Website Includes Useful Content with You In Mind

At Morpheus, we pride ourselves on being a valuable information source that gives our clients the knowledge they need to make the best integration-related decisions. Along those lines, we recently expanded our website to include a [Resources Page](#) that includes blog posts, newsletters, videos, and case studies.

We hope that by taking advantage of this content, you feel more comfortable than ever about integrating your project management and accounting systems, or modifying your integration, to improve real-time access to critical data company-wide. To see what we mean...
